#### **About NAI Ohio Equities**

NAI Ohio Equities is a family of seasoned real estate veterans who have broad-based experience helping their clients solve real estate problems nationwide for 43 years.

Since its inception in 1971, NAI Ohio Equities has made Corporate Real Estate Services the cornerstone of its practice. This specialization enhances the personalized service each client receives by placing the

interests of the client first. With twenty-five full-time brokers and eight administrative staff members, the size of NAI Ohio Equities allows quick response and adaptability to the constant changes during a transaction. The high level of confidentiality demanded is never compromised.

The approach NAI Ohio Equities undertakes regarding the real estate process is very basic. We approach each assignment as if we were the “real estate department” for the client. A strong level of trust between the broker and the client is paramount to achieving a successful outcome; we consider our clients as our teammates. The best interests of our clients are never compromised.

At NAI Ohio Equities, we like to say that we are constantly earning our clients’ business. In fact, we have revised our corporate mission statement to reflect just that theme. Never do we take any of our client’s business for granted. The real estate business has always been a people business, a service, a relationship business. Even with the advent of computers, expanding services and geographic reach, real estate brokerage and management are rooted in relationships, in understanding people’s needs and concerns, and in caring enough to do the very best job to secure their goals.

NAI Ohio Equities was formed in 1971 by George Simpson and The Ohio Company. The Ohio Company was a large regional New York Stock Exchange investment banking company owned by The Wolfe Family. George was a managing partner and became president in 1976. NAI Ohio Equities is now celebrating 36 years and is still associated with the Wolfe Family through Capitol Square Company, the real estate subsidiary of the dispatch printing company.

In 2003, NAI signed an exclusive agreement with Ohio Equities to be the affiliate organization in the central Ohio region. Ohio Equities joined the NAI network to help build a national presence and develop relationships with global corporations. There are five other NAI offices in Ohio: Dayton, Cincinnati, Akron, Toledo, and Cleveland.
